GEORGIAN PEDIATRIC CARDIOLOGY ASSOCIATION

GPCA was founded on the base of TSMU pediatric clinics in 1992 and was registered in 1999. Association was founded by five persons according to Georgian Civil Codex Regulation in 1997. Association work is not limited, has independent balance in Georgian and foreign banks. Main goals of this association is early diagnostics of diseases like – Rheumatic and None-Rheumatic Cardiovascular diseases, heart ischemic diseases, myocardial infarction, different cardiomyopathy diseases, children hypertensions, Athlete’s Heart and etc. Also, one of the main goals of GPCA is to help all young people who are interested in Pediatric Cardiology. Association works include bloodless instrumental research like – ECG in 15 inclinations, PCG during load, electric velometry, capillaroscopy, rheography, echocardiography and others, research of immunological and genetic markers. Members of Association can be lawyers who share the goals and main principles of work. Members of GPCA have determined rights and duties: to participate in governing of Association and various projects, use the consultations and recommendations of Association, get financial support from Association funds and leave Association. The governing system of Association is represented by general meeting of the members which is held once in a year. Each member has one vote. These charters are in action after registration. So, this association has important duties and function, which is stimulated by doctor’s sensitiveness and creative work in this field.

The cooperation base is set up in Shaanxi Provincial People's Hospital. Actively expand foreign medical resources, and provide a lasting communication channel for domestic medical and health institutions and public health service units to learn international advanced management experience and strengthen the training of talent teams.
International Journal of Pediatric Cardiology

No. 1

2021
Children is the future of the world and hope, but there are a lot of threats and challenges of the infection and no infection disease to children living, especially in the current outbreak of COVID-19 epidemic pandemic in the world we urgent need to improve the level of the diagnosis and treatment and technology, adapt to and meet the growing exchange of learning medical staff status and needs, better for children’s growth and developing. To create a safe and healthy growth environment for children, and to provide a platform for medical staff to learn, strengthen medical academic exchanges and publish academic articles/papers, Prof G, President of Georgia Pediatric Cardiology Society and Professor Fuyong Jiao of Children’s Hospital of Shaanxi Provincial People’s Hospital (the Third Affiliated Hospital of Xi’an Jiaotong University) have discussed for more times. It was decided to register an International Journal of Cardiology in Georgia, which is open and peer review. We hope that With your great support and kind help, we hope to provide all colleagues a high quality international journal of cardiology.
